

NATIONAL POLITICAL ACTION COMMITTEE REPORT

NOVEMBER 30—DECEMBER 2ND 2009 OTTAWA, CANADA

Our Committee met in Ottawa last week. We had a very good meeting and came up with concrete ideas and hopefully plans. The minutes have been sent to the NEB.

This was our last meeting for this Committee. We have been together for 2 years and I feel we have accomplished a lot. The National Political Action Committee believes in the importance of affiliating with the New Democratic Party as they are more Labour friendly than the other Parties.

I am hoping to get a Provincial Action Committee going in Prince Edward Island. I realize we need to tread softly, and take baby steps. It is important for CUPE members to become aware of the Policies of all Federal Parties and Provincially too. People can make a more educated choice at the Ballot Box when they know what they are really voting for. All Parties require their elected members to follow Party Policies for the most part.

I enjoyed our meetings and really had extra fun as I was Co Chair with Brother Wayne Lucas from Newfoundland, Labrador.
